**The Impact of Fellowship On a Christian Life**

It is true that worship is the central activity in the life of the church. However, we miss a lot of worship if we limit it to the hour (or so) we spend in formal worship. Worship is any time spent with God. The Christian is in worship at church, at home, and at work. Fellowship is a worship activity and opportunity often overlooked by busy Christians. At fellowship you can get to know your fellow pew mates. You can find out who is the welder, the teacher, the RN, the softball guru, the IT person, the clarinetist, or the artist. Many great ideas, mission works, and ministries come out of fellowshiping. Come and stay for fellowship opportunities if you can.

Pick up your 'Invite a Friend' Cards in the front lobby and give them to the people you invite to church. They even have space for you to leave a personal note!
